NOTE:
 1. This figure is the electrical circuit schematic of Panther series (RK250.3, RK350 and RK450.2). Circuit noted with 25t, 35t or 45t in the figure shows respectively a circuit peculiar to model RK250.3, RK350 or RK450.2.
 (Unless noted, the circuits are common to three models).
 2. Part noted as OPT in the figure shows an optionally provided part. However, the basic machine wiring shall be provided with the standard parts.
